Description
Acrylic fortified white reflective roof coating designed to cool roofs and provide energy cost savings. Designed for use on a variety of roof surfaces.

Uses
• Mobile Homes/RV’s
• Metal, Concrete, Wood & More

Surface Preparation
Clean Roof - Sweep off all dirt, dust, and debris. Remove rust, mildew, oil, grease, or other foreign material on the surface. Allow freshly applied asphalt roofs to cure a minimum of 4 weeks prior to applying this coating. Scrub roof with roof cleaner or bleach solution (1 part chlorine bleach and 3 parts water). Rinse thoroughly and allow to dry.

Application
APPLYING ROOF COATING: Stir pail thoroughly. Do not dilute. For best results apply White Roof Coating with a soft brush, 3/4” nap paint roller, or high pressure sprayer (Tip Size: .021 to .025). For optimum performance, durability and warranty purposes, apply a second coat.
NOTE: This product is not recommended for gravel, dead level (flat), or shingled roof surfaces.

Drying Time
Dries to the touch in 2-3 hours. Allow 6-8 hours before applying a second coat.

Clean Up
Wash tools with water before material dries.

Weather Conditions
• Application temperature must be a minimum of 60 °F and rising. Do not apply when temperature is expected to drop below 60 °F within a 24 hour period.
• In areas where dew or fog accumulates in the early evening, it is best to coat in the morning. Stop coating by early afternoon (3:00 pm) to prevent wash off, which will occur if dew, fog, or rain arrives before coating dries.
• Do not apply if rain is imminent or forecast within 24 hours of application.

Coverage (Approximate)
• One 4.75-gallon pail will coat approximately 250-350 square feet of roof surface per coat. Two coats are recommended.

Precautions
• Do Not Thin
• Do Not Freeze
• Do Not Store at Temperatures Below 50 ºF

Safety & Environmental Precautions
• Refer to Material Safety Data Sheet Before Using
• For Exterior Application Only
• Close Container When Not in Use
• Environmental Information is on the Material Safety Data Sheet
• Do Not Reuse Empty Container
• Volatile Organic Content (VOC) is 100 gm/liter max
• KEEP OUT OF REACH OF CHILDREN
**CALIFORNIA PROPOSITION 65 CHEMICAL WARNING:**
This product contains chemicals known to the state of California to cause cancer and birth or developmental defects.
