7-Year White Elastomeric Roof Coating
Creates an Energy Saving Rubber Membrane

- Forms a Durable Rubber Membrane
- Superior Reflectivity
- Acrylic Elastomeric Formula
- 7-Year Protection

**Description**
Acrylic elastomeric coating that forms a rubber-like membrane over roof surfaces. Features outstanding reflectivity that lowers interior building temperatures for energy savings up to 35%. Dries bright white.

**Uses**
- Old Asphalt Coatings
- Composition Built-Up
- Polyurethane Foam, Mobile Homes & RV’s
- Metal, Concrete, Wood & More

**Surface Preparation**
Sweep off all dirt, dust, and debris. Remove rust, mildew, oil, grease, or other foreign material on the surface. Allow freshly applied asphalt roofs to cure a minimum of 4 weeks prior to applying this coating. Scrub roof with roof cleaner or bleach solution (1 part chlorine bleach and 3 parts water). Rinse thoroughly and allow to dry.

**Application**
- **Applying Roof Coating**: Stir pail thoroughly. Do not dilute. For best results apply White Elastomeric Roof Coating with a soft brush, 3/4” nap paint roller, or high pressure sprayer (Tip Size:.021 to .025). For optimum performance, durability and warranty purposes, apply a second coat.

**Drying Time**
Dries to the touch in 2-3 hours. Allow 6-8 hours before applying a second coat.

**Clean Up**
Wash tools with water before material dries.

**Weather Conditions**
- Application temperature must be a minimum of 60 °F and rising. Do not apply when temperature is expected to drop below 60 °F within a 24 hour period.
- In areas where dew or fog accumulates in the early evening, it is best to coat in the morning. Stop coating by early afternoon (3:00 pm) to prevent wash off, which will occur if dew, fog, or rain arrives before coating dries.
- Do not apply if rain is imminent or forecast within 24 hours of application.

**Coverage (Approximate)**
- Approximately 50-75 square feet per gallon per coat.
- One 4.75-gallon pail will coat approximately 250-350 square feet of roof surface per coat.
- Two coats are recommended.

**Precautions**
- Do Not Thin
- Do Not Freeze
- Do Not Store At Temperatures Below 50 °F

**Manufacturer:**
JETCOAT
472 Brehl Avenue
Columbus, Ohio
Phone: 800-394-0047
Fax: 614-279-7201

Safety And Environmental Precautions

• Refer To Material Safety Data Sheet Before Using
• For Exterior Application Only
• Close Container When Not In Use
• Environmental Information Is On The Material Safety Data Sheet
• Do Not Reuse Empty Container
• Volatile Organic Content (VOC) Is 100 gm/liter max
• KEEP OUT OF REACH OF CHILDREN
