# SAFETY DATA SHEET

Issuing Date 9-April-2015	Revision Date24-August-2017Revision Number2				
1. IDENTIFICATION	OF THE SUBSTANCE/PREPARATION AND THE COMPANY/UNDERTAKING	Ì			
<u>GHS Product Identifier</u> Product Name:	Standard Pourable Driveway Crack Filler				
Other Means of Identification Product Code(s):	23701				
Synonyms	None				
Recommended Use of the Chemical Recommended Use:	Recommended Use of the Chemical and Restrictions on Use           Recommended Use:         No Information Available				
Uses Advised Against: No Information Available					
Manufacturer's Details Manufacturer Address JETCOAT Inc. 472 Brehl Avenue Columbus, OH 43223 TEL: 800-934-0047 www.jetcoatinc.com					
Emergency Telephone Number Emergency Telephone Number	Chemtrec 1-800-424-9300				
	2. HAZARDS IDENTIFICATION				

### **Classification**

This chemical is not considered hazardous according to the OSHA Hazard Communication Standard 2012 (29 CFR 1910.1200).

### GHS Label Elements, Including Precautionary Statements

Signal Word	Warning		
$\wedge$			
•	ul if swallowed ause skin irritation		
Appearance: Black		Physical State: Liquid	Odor: Asphaltic
Precautionary Statements			
Prevention	<ul> <li>None</li> </ul>		
General Advice	•None		
Storage	•None		
eterage	-110110		

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

Skin Contact       Wash off immediately with soap and plenty of water. In the case of skin irritation or reactions, see a physician.         Inhalation       Move to fresh air. If symptoms persist, call a physician.         Ingestion       Drink plenty of water. Do NOT induce vomiting. Never give anything by mouth to a unconscious person. Consult a physician if necessary.         Most Important Symptoms/Effects. Acute and Delayed       Most Important Symptoms/Effects         Most Important Symptoms/Effects       No information available         Indication of Immediate Medical Attention and Special Treatment Needed, If Necessary         Notes to Physician       Treat Symptomatically. May cause sensitization by skin contact.         Suitable Extinguishing Media       Carbon Dioxide (CO <sub>2</sub> ). Dry Chemical. Foam. Water Fog.         Unsuitable Extinguishing Media       CAUTION: Use of water spray when fighting fire may be inefficient.         Specific Hazards Arising from the Chemical       None         No information available       None         Explosion Data       Sensitivity to Mechanical Impact         Sensitivity to Static Discharge       None         Protective Equipment and Precautions for Firefighters							
Kaolin         1332-58-7         10-20         *           Polymer Blend         Proprietary         0-15         *           *The exact percentage of composition has been withheld as a trade secret.         *         *           *The exact percentage of composition has been withheld as a trade secret.         *         *           Description of Necessary First-Aid Measures         *         *           Eye Contact         Rinse thoroughly with plenty of water, also under the eyelids. If symptoms persist, physician.           Skin Contact         Wash off immediately with soap and plenty of water. In the case of skin irritation or reactions, see a physician.           Inelation         Move to fresh air. If symptoms persist, call a physician.           Ingestion         Drink plenty of water. Do NOT induce vomiting. Never give anything by mouth to a unconscious person. Consult a physician if necessary.           Most Important Symptoms/Effects. Methods and Materials for Containment and Cleaning Up		eaning Up					
Methods for Containment: Prevent further leakage or spillage if safe to do so.							
Methods for Cleaning Up: Dam up. Soak up with inert absorbent material. Pick up and transfer to properly lal containers. Clean contaminated surface thoroughly.	Methods for Cleaning Up:         Dam up.         Soak up with inert absorbent material.         Pick up and transfer to properly labeled						

### 7. HANDLING AND STORAGE

#### Precautions for Safe Handling

#### Handling:

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes, and clothing. Wear personal protective equipment. Avoid breathing vapors or mists. Do not eat, drink, or smoke when using this product. Wash thoroughly after handling.

Conditions for Safe Storage, Including Any Incompatibilities			
Storage:	Keep container tightly closed		
Incompatible Products:	Strong oxidizing agents. Acids.		

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Symptoms Related to the Physical. Chemical. and Toxicological Characteristics         Symptoms:       No information available.         Delayed and Immediate Effects and also Chronic Effects from Short and Long Term Exposure         Sensitization:       No information available.         Mutagenic Effects:       No information available.         Carcinogenicity:       The table below indicates whether each agency has listed any ingredient as a carcinogen. The IARC, NTP, and OSHA do not list asphalt as a carcinogene. In general, the oxidation of polycyclic aromatic hydrocarbons destroys their carcinogenic potential. Petroleum asphalt, shale oil asphalts, and coal tars show distinct variation in their relative carcinogenicity for experimental animals.

#### **12. ECOLOGICAL INFORMATION**

#### **Ecotoxicity**

The environmental impact of this product has not been fully investigated.

Persistence and Degradability: No information available.

#### **Bioaccumulation**

Chemical Name		Log Pow
Aspł	nalt	6006
Other Adverse Effects:	No information available.	
	13. DISPOS	AL CONSIDERATIONS
Waste Disposal Methods:	This material, as supplied, is not a hazardous waste according to Federal regulations (4 CFR 261). This material could become a hazardous waste if it is mixed with or otherwis comes in contact with a hazardous waste, if chemical additions are made to this materia or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, region or local regulations for additional requirements.	
Contaminated Packaging:	Do not re-use empty containers.

#### **U.S. Federal Regulations**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372:

Chemical Name	CAS Number	Weight %	SARA 313 – Threshold Values %
Asphalt	8052-42-4	20-40	0.1

SARA 311/312 Hazard Categories	
Acute Health Hazard	No
Chronic Health Hazard	No
Fire Hazard	No
Sudden Release of Pressure Hazard	No
Reactive Hazard	No

<u>Clean Water Act</u> This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific requirements at the local, regional, or state level pertaining to releases of this material.

#### U.S. State Regulations

#### California Proposition 65:

This product does not contain any Proposition 65 chemicals.

#### U.S. State Right-To-Know Regulations

"X" designates that the ingredients are listed on the state right to know list.
